

## Abstract Award Winners

### The Best Oral Presentation Awards

#### **Winner**

[A078] Image-Guided Stent-Directed Irreversible Electroporation For Gastrointestinal Tract. - Miss Song Hee Kim, South Korea

#### **First Runner-up**

[A065] Rate and predicting factor related to successfully crossing chronic total occlusion in the femoropopliteal lesion of peripheral arterial disease the real-world data. - **Dr. Thanakorn Phothong, Thailand**

[A077] Endobiliary Radiofrequency Ablation with Bipolar Self-expandable Electrode for Unresectable Malignant Biliary Obstruction. - **Miss Yubeen Park, South Korea**

#### **Second Runner- up**

[A187] A review of recommendations and implementations arising from Mortality and Morbidity conferences of an interventional radiology service. - **Dr. Nicholas Soh, Singapore**

[A122] Does pelvic congestion cause bladder symptoms - potentially new indication to treat pelvic congestion. - **Dr. Timothy Wong, Australia**

[A009] Safety and effectiveness of fluoroscopy-guided urethral catheterization in case of failed blind urethral catheterization. - **Assistant Professor In Chul Nam, South Korea**

**[A031]** To describe management of complete bile duct transections by percutaneous endoscopic rendezvous technique as a strategy where definitive management is deferred or immediate surgical repair is not an option. - **Dr. Parul Garg, India**

# The Best E-Poster Presentation Awards

## Winner

[A133] A Comparison of Treatment Outcome of Hepatocellular Carcinoma in Caudate Lobe, between Thermal Ablation and Transarterial Chemoembolization: A Retrospective Review. - **Dr.Sahutchadech Tangisarapap, Thailand**

## First Runner-up

[A178] In Vitro Evaluation of Embolization with Coil-in-Plug Technique by Flow Velocity using Phase-Contrast MRI. - **Mr.Teruhito Hayashi, Japan**

[A064] Outcomes of lower-extremity arteriovenous access for hemodialysis: A comprehensive review of fistula and graft for hemodialysis. - **Professor Jewon Jeong, South Korea**

## Second Runner- up

Comparison of MRI Fusion–Guided Biopsy and Standard 12 Cores Ultrasound-Guided Biopsy in Prostate Cancer Detection. - **Dr. Amonlaya Amantakul, Thailand**

[Short-term effectiveness evaluation of peripheral artery self-expanding Sirolimus Drug-Eluting Stent using miniature pigs. - **Mr. JAEMIN PARK, South Korea**

Does Pre-procedural Imaging Workup before Inferior Vena Cava Filter Removal Need Essentially?: Eleven-Year Experience from a Single Tertiary Medical Center - **Professor Jeong Ho Kim**

# The Exceptional Case Report Documentation Award

## Winner

[A170] Modified Percutaneous Gun-Sight Technique for Intrahepatic Biliary Stricture with a Single Snare. - **Mr. Po-Ting Lin, Taiwan**
