

APSCVIR 2024: Scientific Program

3-May-24

Date	Time - Start	Time - End	Duration (min)	Convention Centre A	Lotus Suite 1-4	Lotus Suite 5-7	Convention Centre B	IR Theatre	
03 May 2024	08:15	09:00	45	No Session No topic	No Session No topic	SP: Redefining Precision in Image Guided Procedures: A Flexible Angio System in Daily IR Practice Moderator: Ching Charoenvisal -Redefining precision in image guided procedure : Bernhard Christian Meyer - Q&A	YIR: 8 Minutes Review for Young IR (Embolotherapy) Moderators: Erdenebulgan Batmunkh : Khuram Shafiq Khan -Basic Concept of Embolization of Visceral Aneurysm : Natthaphong Nimbrungtaewee Endoleak Type II: Now and Then : Tebawee Fukuda Vertebrocele Embolization: Step by Step : Jijit K. Yadav Concept of Lymphatic Embolization : Dongho Hyun Hit the Right Target in Vascular Malformation : Hettara Ramadika - Q&A	No Session No topic	
	09:00	10:30	90	IO: Strongholds of Interventional Oncology Moderators: Gao-Jun Teng : Ji Hoon Shin - Chronological Development of Interventional Oncology in Asia-Pacific : Ales Tang Al Lak - Current Selections of Imaging Guidance: How to Make the Most Out of Them : Yasuaki Ara - Hepatic Arteriography: Exploring Anatomical Details and Practical Insights : Kyu Bo Sung - Unresective TACE: Concept, Evidence, and Standardization : Shiro Miyajima - How We Can Achieve Better Survival Outcome and Tumor Response in Transarterial Therapies for HCC : Shunro Roy Choudhury : Simon Chun Ho Yu	HD: Central Vein Moderators: Jacob Pandelaki : Rahul Lohan - What is the Better Option to Prolong Patency of Cephalic Arch Lesion? : Luh Kik Beng - DCB or Stent for Central Vein Obstruction: Which One is Better? : Hien M. Tran - Tips and Tricks of Sharp Needle Recanalisation of CVD : Jinco Kim - Radiofrequency Guidewire in Chronic CVD : Keerat Hongsakul - Unusual Route for Tunneled Hemodialysis Catheter: How I Do? : Shunro Roy Choudhury - Q&A	PAD: Aortic Intervention Moderators: Jitpreedee Sungsi : Je Hwan Won - Complex Thoracic EVAR - Fenestrated vs Branch Endografts : Lawrence Quak - Update in Acute Type B Aortic Dissection : Rohith Puthan Veetil - Challenging Aortic Neck, Option for the Treatment : Hwan Jun Joo - Internal Iliac Embolization versus IBD: What is the Evidence? : Toy King Hong - Tips and Trick in Management of Type II Endoleak after EVAR : Satt Rojwattcharapitarn - Q&A	EMB: New Frontier of Embolotherapy Moderators: Prijo Sidjipratomo : Cicero Matthew Habito - Next Generation Embolic Agents : Gerard Goh - Front Row Interventional Radiologist in Trauma Setting : Hiroshi Kondo - Thyroid Artery Embolization for Multinodular Goiter : Arun Gupta - Update technique on Embolization for Pulmonary Arteriovenous Malformations : Rasesh Chinnappa - Transjugular insertion of biliary stent in patients with malignant biliary obstruction : Dong Il Gwon - Q&A	SS: Oral Presentation 1 Moderators: Kittipitch Bannangkoon : ChNg Li Shyan No topic	
	10:30	11:00	30	Break					
	11:00	11:30	30	Opening Ceremony					
	11:30	12:30	60	Honorary Lectures: Nara Vaeusorn					
	12:30	14:00	90	- The Future of Independent Interventional Radiology Services: A Roadmap to Success LS: Think Wireless Cannulation Moderator: Krishna Pandu Wicaksono Opening Remarks : Krishna Pandu Wicaksono - How to Equip Wireless Cannulation for Beginners : Yasuaki Ara - Tips and Trick in Wireless Technique: Case Sharing : Pi-Ti Chang - Q&A	LS: Early Stage RCC: Why Cryoablation? Moderator: Somrach Thamtorawat - TACE in HCC : Varat Woranasarakul - Cryoablation for RCC: Lessons Learned in the USA : Shemar Young - European Perspective in RCC Cryoablation : Eric de Kencker - Focal Therapy for RCC: Siriraj Clinical Study : Sukrit Sorotpiya - Q&A	LS: GE Moderator: Keerati Honosakul	LS: Interventional Solutions That Make a Difference Moderator: Pete Stibbs Tip for TIPS: My Experience with a Nouveau Bi-directional Device : Hien M. Tran - IVC Filter Placement: Versatility with Efficacy : Pawanet Krompradit - New Innovation in Portal Vein Access and Gold Standard of IVC filters : Pete Stibbs	No Session No topic	
	14:00	15:30	90	PAD: Practical Point in Peripheral Interventions Moderators: Hwan Jun Jae : Soracha Roekapan - Endovascular Technique for Challenging Subset of AIOD : Je Hwan Won - Advancements in Endovascular Therapy: Drug-Eluting Stents and Drug-Coated Balloons for Below-the-Knee Interventions : Robert Morgan - Limb Salvage in BTK Angioplasty- Factors Influencing Success and Failure : Shunro Roy Choudhury - Impact of IVUS on Femoropopliteal Artery Endovascular Interventions : Soracha Roekapan - Does the Srotimes Technology Change the CLT Strategy? : Nantiskarn Charoen - Q&A	APSCVIR Meets SIR Moderators: Aida Lui Tam : Keerati Hongsakul - The Space Between: Closing the Gap in Guidelines for IR : Aida Lui Tam - Ablation for Colorectal Cancer Liver Metastasis and Evolution of Margins : Kolin King - Challenges and Opportunities in Practicing Radioembolization in Asia : Rhoun-Chuan Lee - Lessons From IR Specialty Recognition in the US : John Kaufman - Comparing Interventional Radiology Training: USA vs Asia - The Good, the Bad, and the Enlightening : Anilwan Fleury - Q&A	IO: Expanding Practice of Interventional Oncology Moderators: Danny Cho : Akeanong Worakitsitsatorn - Key to Success in Combine Treatment of Hepatocellular Carcinoma : Byung Chan Lee - Challenging Cases of Hepatic Tumor Ablation : Du-Chin Liang - Liver Ablation in Next Decade : Marco Van Strijen - Immunotherapy and Interventional Oncology: What Does Literature Says : Chandani Nadarajan - Interventional Radiologist Role in Palliative Care : Myeok Seon - Q&A	SP: State of the Art with Radial Approach in HCC Moderator: Chinnarat Bua-ngam - Introduction : Chinnarat Bua-ngam - Tools of the trade and techniques for successful access : Bui Lai - Role of radial access and transformative impact on TACE : Hao Xiang - Integration of ultraselective TACE and radial access : Kittipitch Bannangkoon - Combining radial TACE with other therapies : Jin Wook Choi - Complications management and enhancing patient safety : Satt Rojwattcharapitarn - Panel Discussion: Radial Dialogue	SS: Oral Presentation 2 Moderators: Vivian Klungboonkrong : Jinco Kim No topic	
	15:30	16:00	30	Break					
	16:00	17:30	90	Misc: Emerging Technology Enhancing IR Moderators: Hwan Jun Jae : Tanop Srisuwan - Endovascular Denervation in Treating Type 2 Diabetes Mellitus: a New Field of Interventional Radiology : Gao-Jun Teng - Advancements in Interventional Radiology: Embracing AI, Precision Techniques, and Personalized Therapies : Pi-Ti Chang - Artificial Intelligence in IR : Gerard Goh - Artificial Intelligence implementation in a large US academic Radiology Department, and what about IR? : Kevin Hong - Endoleak using time-resolved CT angiography with Area Detector CT and Catheter-directed CT angiography. : Masashi Tamura	IV: Head and Neck Intervention Moderators: Ajit K Yadav : ChNg Li Shyan - Essential Anatomy for Thyroid Ablation : Chinnarat Bua-ngam - Thyroid Nodule: FNA versus Biopsy for Tissue Diagnosis : Papat Ritsong - Microwave ablation for Benign Thyroid Nodules - Optimizing the Technique : Arun Gupta - Thyroid Thermal Ablation: Startling or Relief Pitcher in Future Cancer Management : Wei-Che Lin - Parathyroid Ablation - Where We Do Stand? : Ajit K Yadav - Q&A	EMB: Women Intervention Moderators: Elsan Liang : Sasikorn Feingummoon - Obstetric Hemorrhages: How Can We Help? : Tharitorn Treest - Utero-ovarian Collaterals: How to Deal with Them During UAE? : Christoph Binlett - UAE and Fertility: What Do We Know? : Kichang Han - Pelvic Congestion Syndrome: A Keep-it-simple Approach : Christoph Binlett - Challenging Fibroid and Adenomyosis Cases: How Can We Manage : Elsan Liang - Panel Discussion: Controversial Issues	SP: Philips No topic	SS: Oral Presentation 3 Moderators: Walailak Chaiyasoot : Pradesh Ghimire No topic	
	17:30	18:00	30	No Session No topic	No Session No topic	No Session No topic	No Session No topic	No Session No topic	

Date	Time - Start	Time - End	Duration (min)	Convention Centre A	Lotus Suite 1-4	Lotus Suite 5-7	Convention Centre B	IR Theatre		
04 May 2024	08:15	09:00	45	<p>EMB: MSK clinic Moderators: Chinnapat Laochanvanich : Angela Zeng</p> <ul style="list-style-type: none"> - Basic concept of TAME - Yuiji Okuno - MSK embolization in Thailand: Experience sharing - Parat Nishiyotoku - Road to success: MSK embolization clinic - Yuiji Okuno 	<p>SP: Now is the Time: Re-Defining the Standard of Care for PE patients Moderator: Lawrence Quek</p> <ul style="list-style-type: none"> - Introduction - Lawrence Quek - PE Response Team and the Interventional Radiologist - Too Chow Wei - Computer Assisted Vacuum Technology: Chang General Hospital Experience - Shi Haiyuan - Q&A - Lawrence Quek 	<p>SP: IO meets IO: Current Status and Future Synergistic Opportunities With Interventional Oncology and Immuno-oncology Moderator: Nutcha Pinjaroen</p> <ul style="list-style-type: none"> - Opening and Introduction - Nutcha Pinjaroen - Optimal Role of Immunotherapy Combination in Intermediate to Advanced Stage of HCC - Masaboshi Kudo - Inspiring Case Sharing: How to Achieve Clinical Complete Response by Individualized Strategy with Cancer Immunotherapy and Conversion Strategy - Chen-An Liu - Q&A 	<p>YIR: 8 Minutes Review for Young IR (GI Intervention) Moderators: Muhammad Azeemuddin : M Kashif Shazlee</p> <ul style="list-style-type: none"> - Embolic Material for GI Bleeding - Chandran Hebragan - Knows the Anatomy of Gastric Varices - Yoshitaka Tamura - PARTO Concept - Sang Joon Park - Concept of Biliary Drainage - Tunayev Watanawatsiri - Embolic Material in Portal Vein Embolization Review - Ching Charoensival - Q&A 	No Session		
	09:00	10:30	90	<p>HD: Hemodialysis Access Moderators: Loh Kok Beng : Chutcharn Kongphanich</p> <ul style="list-style-type: none"> - Endovascular Management of Immature AVF - Gerard Goh - Role of Ultra High Pressure in AVF - Thanate Kattipathanpong - Stent in Hemodialysis Access: Which One is the Best? - Nik Azuan Nik Zainal - EndoAVF - Failed Experiment or A Game Changer? - Rafiqul Lohani - Endovascular Salvage of Access Thrombosis - Muhammad Ali - Q&A 	<p>APSCVIR Meets CIRSE Moderators: Christoph Binkert : Koichiro Yamakado</p> <ul style="list-style-type: none"> - CIRSE Introduction and Vision for IR - Christoph Binkert - How to Treat Best In-bent Restenosis: Options and Outcomes - Stefan Müller-Hübbeck - Ductile Vein Embolization Before Extensive Liver Surgery : Technical Tips - Christoph Binkert - The Paclitaxel controversy: Up the hill and down again - Robert Morgan - Curriculum Driven Learning and Certification in IR (ERIR) - Stefan Müller-Hübbeck - Q&A - Advancing Interventional Oncology Services Globally (IASIOS) - Maridis Kartoditjo - Ablation of Pulmonary Metastasis: Tips and Tricks? - Philippe Pereira - Q&A 	<p>NV: Biliary Intervention Moderators: Chinnarat Bua-ngam : Saebeom Hur</p> <ul style="list-style-type: none"> - Malignant Biliary Stricture - What IR Can Offer? - Bishwajit Bhownik - Complex Biliary Intervention Beyond the Drainage - Chen-An Liu - Benign Biliary Stricture - What IR Can Offer? - Suleet Sootong - Complications of Percutaneous Transhepatic Cholangioscopy and Lithotripsy - Nguyen Ngoc Cuong - Hepaticobiliary Resecticectomy - Role of Percutaneous Jejunal Access - Arun Gupta - Q&A 	<p>SP: Advanced Imaging Navigate Liver Cancer Treatment Moderator: Somrach Thantorawat</p> <ul style="list-style-type: none"> - Hepatocarcinogenesis with LRADs correlation - Nakarin Jirattito - MRI Imaging features of histopathology subtype of HCC - Christine Kwok - Personalized the management for early HCC: choose the right weapon - Nir Woo Lee - My LIFE Practice and the Evidence Behind - Hyeon Chul Ho Yu - Panel Discussion and Closing Remark 	<p>SP: Think LIFE Forum Moderator: Krishna Pandu Wicaksono</p> <ul style="list-style-type: none"> - Opening Remark - Krishna Pandu Wicaksono - Which Embolics for LIFE? - Kichang Han - Reaching out to the Patients - My Personal Journey - Luke Han Wei Toh - My LIFE Practice and the Evidence Behind - Simon Quat Ho Yu - Panel Discussion and Closing Remark 		
	10:30	11:00	30	Break						
11:00	11:00	12:30	90	<p>PED: Pediatric Intervention: IR Toolkits for KIDS Moderators: Jirawadee Yodying : Luke Han Wei Toh</p> <ul style="list-style-type: none"> - Bopsy in Pediatrics: What's the Challenge? - Jirawadee Yodying - Pediatric Biliary Intervention: Biliary Atresia and Liver Transplantation - Murthy S. - Renal Artery Stenosis in Children: Diagnosis and Intervention - Anilwan Flary - Lymphatic Intervention in Children: We Can Do It! - Kevin Fung - Central Venous Catheter Insertion in Central Venous Stenosis and Alternative Pathways - Luke Han Wei Toh - Q&A 	<p>APSCVIR Meets SIO Moderators: Pua Uei : Nutcha Pinjaroen</p> <ul style="list-style-type: none"> - Future Directions for Radioembolization - Edward Kim - Ablative SIRT in Massive Hepatocellular Carcinoma - Jin Woo Choi - Thrombectomy and PE intervention in the cancer patient - Rafiqul Patel - Navigating the Currents: Lymphatics Intervention in the Oncology Patients - Steven Yewich - CT guided Prostate Ablation: Made easy - Vijay Ramalingam - Q&A 	<p>INR: Update Mechanical Thrombectomy Moderators: Anchalee Churojana : Vu Dang Luu</p> <ul style="list-style-type: none"> - Large Core Infarct: New Trend of Mechanical Thrombectomy - Thanaboon Worakijthamrongchai - Rescue Treatment Beyond Conventional Thrombectomy - Pittaravit Withayasak - Difficult Cases of Acute Posterior Circulation Stroke - Jimmy Siu - Endovascular Treatment of Stroke: Experience from Vietnam - Vu Dang Luu - Radial Access for Neurovascular Procedures: Tips and Tricks - Vijay Ramalingam - Q&A 	<p>SP: MSK Intervention Current and Future Moderators: Panippong Marongroeng : Nur Adura Yaakup</p> <ul style="list-style-type: none"> - MSK embolization: New Standard of Care in Arthritis - Yuiji Okuno - Embolic Material of Choice in MSK Embolization - Lawrence Quek - Painful Bone Metastasis: How to Improve Quality of Life - Alda Lui Tam - Q&A 	<p>SP: Think PAE Forum Moderator: Krishna Pandu Wicaksono</p> <ul style="list-style-type: none"> - Opening Remark - Krishna Pandu Wicaksono - Challenging PAE Case Management - Hien Xuan Nguyen - TRA in PAE - Too Chow Wei - How to Avoid PAE Complication - Lin Chun-Yu - Panel Discussion and Closing Remark 		
	12:30	14:00	90	<p>LS: Radial to Anywhere: The New Frontier in Interventional Radiology Moderator: Somrach Thantorawat</p> <ul style="list-style-type: none"> - Opening - Introduction - Somrach Thantorawat - Transradial access for renal intervention - Ji Inwon Shin - The novel approaches in bronchial artery embolization - Jin Woo Choi - Showcase the potential of MSK interventions via radial access - Too Chow Wei - Radial access: A game change in prostate and uterine fibroid embolization - Han Xiang - Summary, Q&A - Somrach Thantorawat 	<p>LS: Shaping the Future of Microwave Tumor Ablation Moderator: Nutcha Pinjaroen</p> <ul style="list-style-type: none"> - Opening - Usefulness and Technique of Percutaneous Microwave Ablation for Large Tumor Size - Nutcha Pinjaroen - Comparative Study with Ablation of Emprint HP: New Device - Pua Uei - Current Status of Ablative Treatments for Hepatic Malignancies in Japan and Impact of Emprint Microwave Ablation System - Miyuki Stone 	<p>LS: Unlocking the Potential of High Definition (Hi-Def) Imaging in IR Moderators: Tay Kiang Hong : Tharintorn Treestit</p> <ul style="list-style-type: none"> - Pushing the Boundaries: High-Definition Imaging for Next-Generation Interventional Techniques - Ripee Ritwong - High Definition Imaging: Make the invisible visible - Sankarn Fengguan - Advancements in Interventional Radiology: Precise Techniques with Canon Angio-CT System - Toshihiro Tanaka 	No Session	No Session		
	14:00	15:30	90	<p>PAD: CLI Moderators: Nantiskarn Champen : Shuvro Roy Choudhury</p> <ul style="list-style-type: none"> - Management of Complex Calcified Lesions - Tomoyasu Sato - Debulking Atherectomy in Peripheral Arteries - Ankur Patel - Drug-Coated Technology for Complex Femoropopliteal Lesion - Stefan Müller-Hübbeck - Endovascular Treatment of In-stent Stenosis - Pawanrat Kranolpraksas - Update on Crossing: Trick for Uncrossable Lesions - Ji Inwon Shin - Q&A 	<p>INR: Hemorrhagic Stroke and H&N Embolization Moderators: Chai Kokkitranakakul : Jimmy Siu</p> <ul style="list-style-type: none"> - Role of Flow-diverter Stent in the Acutely Ruptured Aneurysm - Jitaron Tantivattana - Role of Flow-diverter Stent in the Acutely Ruptured Aneurysm - Kitiyong Rattiro - Intra-arterial Chemotherapy for Retinoblastoma: Our First Year Experience in Indonesia - Krishna Pandu Wicaksono - Endovascular Treatment for Carotid Blowout - Rickie Cheng - Head and Neck Vascular Trauma - Kibbaak Lersong - Q&A 	<p>PED: Vascular Anomaly: Meet the Experts Moderators: Kevin Fung : Syed Zohurul Alam</p> <ul style="list-style-type: none"> - ISSVA Classification: Are We There Yet? - Murthy S. - Low Flow Malformation: Let's Talk About Regimens - Anchalee Churojana - Applications of Yakes Classification to Treat Arteriovenous Malformation - Luai D Nguyen - Pediatric Combined Vascular Malformation and Syndromes: Diagnosis and Treatment - Anilwan Flary - Cryoablation and Other Ablation Methods in Vascular Malformation - Luke Han Wei Toh - Q&A 	<p>SP: New Update on TACE Moderator: Nutcha Pinjaroen</p> <ul style="list-style-type: none"> - Balloon-Occluded TACE - Dong Ji Gwon - Advanced Forehand Accesses for TACE: Your Secret Sauce for Success - Pua Uei - PLOLX Emulsion Connector— Multi-Center Study in Japan - Toshihiro Tanaka - Standardization of TACE: Why and How Interventional Radiologists Respond to the Need for Consistent and Stable Emulsion - Tansoo Sitwuan - Initial Experience of using PLOLX Emulsion Connector in Thailand - Nutcha Pinjaroen - Q&A 	<p>Misc: Scientific Writing Skill Enhancement Program</p> <ul style="list-style-type: none"> - Introduction to the session - Tin Bien Soo - CVR presentation - Kibae Heussinger - IMRAD structure - Gerard Goh - How to Respond to Reviewers - Tin Bien Soo - Dummy Paper Review by Bien Soo Tan, Gerard Goh, John Kaufman, Stefan Müller-Hübbeck - John Kaufman - Closing Remark - Gerard Goh 		
15:30	15:30	16:00	30	Break						
	16:00	17:30	90	<p>Room Preparation</p> <ul style="list-style-type: none"> - No topic 	<p>VN: DVT and PE Moderators: Hwan Jun Jee : Bulent Arslan</p> <ul style="list-style-type: none"> - Thrombectomy and PE Intervention in the Cancer Patient - Rafiqul Patel - CT Lung Perfusion in IR Management of Acute Pulmonary Embolism - Nonocclusion Intra Stentless - Acute Pulmonary Embolism: Role of Mechanical Thrombectomy - Sunil Akhavan - NOT Approach for Optimal Management Pulmonary Embolism - Marco Van Strijen - IVC Filter: Please Do It Properly - Steven Yewich - Q&A 	<p>EMB: Lymphatic Intervention Moderators: Masanori Inoue : Dongho Hyun</p> <ul style="list-style-type: none"> - Lymphatic Intervention - Understanding Problems and Treatment Planning - Nutcha Pinjaroen - Thoracic Duct Embolization - How I Do It? - Chinnapat Laochanvanich - IR Roles in Nontraumatic Chylothorax - Siedrom Hur - Hepatic Lymphatics: Shall We Embolization? - Masanori Inoue - Advancements in Percutaneous Interventional Treatment of Chylothorax - Nguyen Ngoc Cuong - Q&A 	<p>SP: Radioembolization in All Aspect Moderator: Nutcha Pinjaroen</p> <ul style="list-style-type: none"> - Introduction of Y-90 - Nutcha Pinjaroen - Y-90 in Early-Stage HCC - Hye-Chul Kim - Y-90 in Intermediate-Stage HCC - Pua Uei - Y-90 in Advanced-Stage HCC - Chen-An Liu - Y-90 in Non-HCC Hepatic Tumors - Chinnarat Bua-ngam - Advanced Techniques in Y-90 Planning and Treatment - Jin Woo Choi - Panel Discussion 	<p>Misc: Survival Guide for Radiographer Moderators: Angela Zeng : Ankur Patel</p> <ul style="list-style-type: none"> - Radiation Dose Reduction Protocol in Angiography - Komkarn Prapanchua - Fusion US Workflow: Let's Hit the Target - Suttikorn Sakaradee - CT Fluoroscopy: Faster and Better - Pando Khingsorn - Development and Evaluation of Radioactive Waste Shielding Containers for Transarterial Radioembolization - Sang Woon Park - Q & A 		
	17:30	18:00	30	<p>Room Preparation</p> <ul style="list-style-type: none"> - No topic 	No Session	<p>SP: Ablation Therapy for Localized Prostate Cancer Moderator: Ng Wei Lin</p> <ul style="list-style-type: none"> - Focal Treatment for Intermediate-Risk Prostate Cancer - Virek Watanawatsiri - Irreversible Electroporation of Prostate Cancer: How to Perform? - Somrach Thantorawat 	No Session	No Session		

APSCVIR 2024: Scientific Program

5-May-24

Date	Time Start	Time End	Duration (min)	Convention Centre A	Lotus Suite 1-4	Lotus Suite 5-7	Convention Centre B	IR Theatre
05 May 2024	08:15	09:00	45	No Session	BM: APSCVIR EC Meeting	SP: C-TACE Evolution Through Decades Moderator: Kittipitch Bannangkoon	YIR: 8 Minutes Review for Young IR (Non-Vas) Moderators: Kaewpitcha Pichitpichatkul : Byung Chan Lee	Misc: How to Start IR Service in Limited Resource Moderators: Pradeesh Ghimire : Ji Hoon Shin
	09:00	10:30	90	IO: Advanced Transcatheter Therapies of Hepatic Malignancies Moderators: Kittipitch Bannangkoon : Nur Adura Yaakup	BM: APSCVIR AGM (General Meeting)	Misc: All about transplantation Moderators: Rudolf Kuhn : Tanapong Panpikoon	IO: Ablation for Non Hepatic Tumor Moderators: Rujira Patanawanitkul : Shi Halyuan	Misc: Clinical Care in IR Moderators: Jan Jackson : Pongsakorn Ouwongprayoon
	10:30	11:00	30			Break		
11:00	12:30	90	VM: Variceal Hemorrhage Control Moderators: Akkawatt Janchai : Norshazriman bin Sulaiman	Misc: Lesson Learned IR case part I Moderators: Robert Morgan : Je Hwan Won	APSCVIR Meets CCI Moderators: Gao-Jun Teng : Keerati Hongsakul	SP: Maximizing the Potential of Angio-CT: Exploring New Frontiers Beyond TACE Moderators: Somrach Thamtorawat : Nutcha Pirjaroen	Misc: Short Talk: IR team Moderators: Amrit Koirala : Surasit Akkkrisee	
			LS: Improving patient outcomes with CBCT while minimizing dose - an expert panel discussion Moderator: Tanop Srisuwan	LS: The Advantage of Time, The Power of Control in Peripheral Embolization Moderators: Somrach Thamtorawat : Jaturon Tantivatana	No Session	No Session	No Session	
14:00	15:30	90	IR Quiz Moderators: Tirat Jantarattana : Kaewpitcha Pichitpichatkul	Misc: Lesson Learned IR case part II Moderators: Jacob Pandelaki : Keerati Hongsakul	Misc: Sustainable IR Moderator: Nakarin Imutto	No Session	No Session	
Closing Ceremony
